THORR'S – Sedge

Handwoven Natural Sedge Surface

The Beauty of Craftsmanship Inspired by Nature

THORR'S – Sedge is a decorative surface crafted from 100% natural sedge and handwoven in Amnat Charoen, Thailand. Distinguished by its unique texture and artisanal details, the material reflects the authentic beauty and character of natural fibers.

The rhythm and pattern of the weaving introduce warmth, depth, and dimension to interior spaces while creating a calm and natural atmosphere in a refined, contemporary way. It is ideal for interiors that seek comfort, individuality, and the timeless appeal of handcrafted materials.

One of the distinctive qualities of sedge is its subtle natural aroma, which may be noticeable during the initial period after installation and will gradually fade over time.

With proper care and maintenance, Sedge offers a lifespan of more than 5 years and is well suited for interior applications that value both aesthetic appeal and the authenticity of natural materials.

Key Features

- Made from 100% natural sedge
- Distinctive natural texture with unique character in every piece
- Adds warmth and texture to interior spaces
- Ideal for interiors seeking a unique and natural identity
- Suitable for long-term interior applications

Recommended Applications

- Interior wall cladding
- Cabinet and built-in furniture surfaces
- Ceiling cladding
- Decorative surfaces and rug applications

Considerations

- Recommended for interior use only
- Avoid installation in areas with excessive humidity or high heat
- Avoid placing furniture with sharp or pointed legs directly on the surface, as they may catch and damage the material

- For project applications, ordering from the same production batch is recommended to minimize color variation

Care Instructions

- Clean with a dry cloth or a soft damp cloth
- Avoid excessive water and prolonged moisture exposure
- Maintain good ventilation in the installation area

Note

As a natural and handwoven material, slight variations in color, fiber detail, and weaving pattern may occur between production batches. These variations are not imperfections but part of the material's unique character, reflecting the beauty of nature and handcrafted workmanship.

No technical specifications on file.
