THORR'S – Stripe (PP)

Synthetic Woven Surface for Indoor & Outdoor Applications

Simple Weave with Lasting Performance

THORR'S – Stripe (PP) is a woven surface made from durable Polypropylene (PP) synthetic fibers for both indoor and outdoor applications. Featuring a **simple, minimal weave pattern**, it delivers a clean, timeless aesthetic that complements a wide range of architectural and interior styles.

Engineered for long-term performance, it is weather-resistant, easy to maintain, and suitable for walls, ceilings, cabinet fronts, furniture wrapping, flooring, and other decorative surfaces. Unlike natural fibers, PP offers excellent color stability, helping the material maintain a consistent appearance with minimal fading over time.

Key Features

- Made from Polypropylene (PP) synthetic fibers
- Indoor and Outdoor application
- Free formaldehyde
- Water Resistant

Recommended Applications

- Outdoor furniture wrapping
- Interior and exterior wall cladding
- Ceiling finishes
- Cabinet and built-in furniture surfaces
- Decorative flooring and surface applications

Considerations

- Avoid placing furniture with sharp or pointed legs directly on the surface, as they may catch and damage the material
- Install on properly prepared and supportive surfaces
- Not intended for excessive concentrated impact or abrasion

Care Instructions

- Clean regularly with a soft cloth and clean water
- Suitable for routine maintenance without special cleaning products
- Avoid abrasive brushes or harsh cleaning materials

Note

THORR'S – Stripe (PP) is designed for color consistency and long-term durability, making it ideal for residential, hospitality, and high-traffic environments where lasting appearance and easy maintenance are essential.
